People who are in town on runners
today complain that the sleighing is
getting "too thin".
Andy Kepel makes cigars that suit
the million.
H. W. Davis, Esq., makes a fine
exhibition of his fine poultry every Sat-
urday, and frequently sells some fine
specimens to his brother farmers.
D. M. Barnett & Co., have just re-
ceived some fine sweet potatoes.
Harvey Mahannah says there is no
dancer of Kansas ever becoming a Demo-
cratic State—it has two sections of
school land in every township.
About twenty patients are being treat-
ed for diseases of the eyes by the Dr.
Blandon.
If you want to see a man struggling
to do several things at once, just watch
him trying to put on his overcoat and
rubbers and keep his head bowed while
the minister is pronouncing the benedi-
ction.
Go to Neidenfeyer's for choice syr-
ups and sugars.
The way many persons walk around
without overcoats and furs whenever a
warm day comes at this season of the
year, makes the physicians and apotheca-
ries smile. It is the precursor of a live-
ly business.
Order the St. Nicholas bus for
transportation to the depot.
To-day T. B. Albert, Esq., enters
the list as a candidate for Town Clerk
"Tommy" is too well known in Decatur
to need any commendation at our hands.
If elected he will make a competent and
efficient clerk.
What next? The pre-tens of Chi-
cago have organized a temperance club.
It must be that we are approximating
the millennium, and old Satan is about
to be tied up for a thousand years.
George F. Woods is having a per-
fect avalanche of trade, on account of
the fine goods he keeps and the low prices
at which he sells.
Experienced observers state that a
hard winter is usually followed by a fa-
vorable spring and summer, the crops
whereof are mostly free from insects.
Some comfort in that, or rather, there
will be, if we are not all frozen to death.
For choice sugar-cured hams call on

No young man can keep a mistress,
drink choice liquors, smoke the best
cigars, board and clothe himself, on a
salary of fifty dollars a month. Hun-
dreds of young men have made the at-
tempt and invariably failed.
Lewis & Milligan have a superior
article of Japan tea which they are sell-
ing very cheap.
On Saturday the influx of people
from the country was simply immense.
Nearly ever available hitching place
was occupied on both squares, and the
sidewalks were thoroughly blocked
with people.
The small boys in the city amused
themselves on Saturday last by riding
on all the sleighs and sleds which passed
through the business part of the city.
Every man who refused to give the boys
a ride was quickly snowballed.
The total receipts of the recent ball
given at Benneman's Hall for the bene-
fit of Rescue Home Company, were
something over \$200, leaving \$150 clear
of all expenses. This was the last pay-
ment made on the new hose cart, and
there is still a small amount owing,
which will be made up by a subscrip-
tion among the members of the com-
pany.
The strike among the coal-miners at
the Knightsville (Ind.) mine has ceased.
The matter of wages has been amicably
arranged between employers and em-
ployees, and work now goes on as of old.
This mine furnishes the coal for our
rolling mill, and as the difficulty in get-
ting coal is now removed, the mill will
not be stopped any longer on this ac-
count.

PERSONAL MENTION.
Mr. Geo. S. Simpson leaves to-day for
a two months' trip through Iowa and
Nebraska, in the interest of the Haworth
Check Cover.
Mr. R. G. Sallars come out upon the
streets to-day, having recovered from a
spell of pneumonia, which has kept him
confined to his room for about seven
weeks.
Mr. F. H. Stiger, a well-known fresco
painter, of Paris, is in our city, with a
view of permanently locating. Mr. S.
has a first-rate reputation in Paris, and
has done some fine painting in that city.
Dr. W. T. Sylvester returned to his
home in this city Saturday, after about a
month's stay in Europe. The Dr. says
he encountered three days of stormy
weather in crossing the briny deep in
going to the Old World, and as much on
his return. He visited Liverpool, Lon-
don, and other of England's largest
cities, and saw all the sights. He then
crossed over into France, visited Paris,
and saw all the trophies of art, magnifi-
cent buildings and palaces that was pos-
sible during his short stay in the French
capital. Dr. S. comes back looking
well, and says he enjoyed the visit
" hugely."

POLICE NEWS.
The case of the People vs. Jas. Heaton,
for carrying concealed weapons, which
was taken by a change of venue from
Justice Hughes to Esq. Baker, on Sat-
urday afternoon, terminated, in finding
Heaton \$3 and costs. The verdict was
rather unexpected by the defendant,
and his counsel, who did all in their
power to show that danger was appre-
hended by the defendant, and he was
consequently excusable for carrying a
revolver. The rebutting testimony
which was given in by the prosecution,
revealed the fact that Heaton had re-
peatedly said he was not a coward, and
was, therefore, not afraid of either of
the prosecuting witnesses. The fine as-
sessed was the least possible under the
law, and Heaton paid it without grum-
bling.

vocation of Mason Chapter No. 21, R.

urer's office, in court-house block, on

the ensuing year. J. R. GORMAN,

Church Going Yesterday.—Good con-
gregations gathered at the several places
of worship yesterday, both morning and
evening. There was an exchange of
pulpits in the evening between Rev.
J. Bonham, of the Baptist, and Rev.
Mr. Reed, of the First M. E. Church.
Each preacher seemed quite at home in
the pulpit of the other, and the congre-
gations of both churches seemed pleased
and edified.
The pulpit of the Christian Church
was filled morning and evening by Elder
W. S. Maupin. The morning discourse
on the "Word of Life," was 50 minutes
in length, and was pronounced "good"
by many of his hearers. The evening
sermon was of about the same length.
"Popular Shams" is the subject on
which Miss Lillian Edgerton is to talk
to our people at the Opera House, on
Friday evening of this week. Miss E.
lectures under the auspices of the La-
dies' Library Association. It is gener-
ally conceded that she is the finest fe-
male orator in America, and we hope
she may have an audience corresponding
to her ability as a lecturer. Her subject
is a taking one, and she handles it in a
masterly manner.
Men look to the press to guide
them in business and in social affairs.
They do not know whether to applaud
a foreign artist or a strange order, until
the press has spoken. The advertising
columns are as much read as the "edito-
rial columns." The heaviest advertisers
are the most successful business men.
In this day no man can afford to let the
press alone, if he wishes to do a large
trade, any more than a farmer can with-
hold his corn in the spring-time, or sow
his grain without sowing hand.

TELEGRAPHING.
We call the attention of our readers
to the fact that Prof. J. C. Ballington
has bought the interest in the Western
Telegraph Institute, in this city, and
will continue to manage it in a most
satisfactory manner. This Institute has
long enjoyed the confidence of the peo-
ple, and has been a complete success in
each of its peculiar features. The Pro-
fessor has no equal as an instructor in
that art, and his facilities are unsurpass-
ed, having, in connection with the In-
stitute and city line, the management of
the Great Western Telegraph office,
where actual business is daily transacted
with nearly all points in America, thus
giving to his students actual business
practice. The Professor has concluded
to reduce the price of tuition so as to
make it within the reach of all who de-
sire to learn this interesting and valu-
able art. We have no doubt but that the
government will soon adopt the postal
telegraph system, in which case all post-
office will become telegraph offices,
thus affording employment for thou-
sands of operators, and the number must
be increased.
Wealthy parents, having sons and
daughters nearly grown, would do well
to educate them in this Institute and fit
them for profitable positions, inasmuch
as they have no assurance that they will
always be wealthy. And should their
fortune be reversed, they would have
the consoling knowledge that their chil-
dren were provided, at once, with a
light, honorable and profitable business.
Parties feeling an interest in this busi-
ness will do well to call at the Professor's
office and consult about terms, and also
examine the superiority of his facilities.

sey has the agency for the celebrated
VICTOR SEWING MACHINE, which is ac-
knowledgeed to be the best in the mar-
ket; and also for the "Novelty" Door
Plate, which is the cheapest and best in
use. He also represents the Hamburg
line of steamships, which in the matter
of safety and dispatch are known to be
equal to any that cross the ocean. Mr.
Basssey has his office at Ehrman's Cloth-
ing Store, on East Main street, where
samples of machines and door plates
may be seen. Prompt attention will be
given to all orders in either line of busi-
ness indicated above.

Whence this Great Commotion?—The
country through, among the Alcoholic
Bitter-mongers? They stand agape at
an innovation on their privilege of mak-
ing drunkards of the sick. A competi-
tor has come into the field with which
they cannot contend. Dr. J. WALKER'S

derfed essence of the most efficacious
vegetable tonics and alteratives in the
world, is driving all the still-born nos-
trums of King Alcohol to the wall.

Discovered.—Dr. Price has, after a
long series of experiments, discovered a
new process of extracting the subtle
flavor from every delicious fruit and
aromatic. In his Flavoring Extracts the
characteristic taste and freshness of the
real fruit is preserved and by his pro-
cess so highly concentrated that but a
small quantity is required to impart
their peculiar flavor to any article in
which they may be used. Ladies that
wish something superior in the way of
flavoring extracts or baking powder
should purchase Dr. Price's, for we can
assure them that they have no equals.
Dr. Price's Powder is not sold in bulk,
loose powder sold as his is a stand upon
the public. d&w1
